

GNSO POLICY DEVELOPMENT UPDATE

ISSUE

Protection of Certain International Organization Names in *all* gTLDs

UPCOMING IMPORTANT DATES: 15 January 2013 – Deadline for request for input to the GAC to provide information to help inform the deliberations (note – if needed, additional time can be requested)

SUMMARY

The GNSO Council has initiated a policy development process (PDP) to evaluate the need for, and develop policy recommendations to provide additional **permanent** special protections at the top and second level in *all* gTLDs for the names and acronyms of certain International Government Organizations (IGOs) and International Non-Government Organizations (INGOs), **including** the International Committee of the Red Cross, the International Federation of Red Cross and Red Crescent Societies and the American Red Cross (collectively, the “RCRC”) and the International Olympic Committee (“IOC”). **The PDP Working Group (WG) has been established and has now begun its deliberations on** considering possible permanent protections for the IOC and RCRC names in all gTLDs,¹ as well as additional special protections in all gTLDs for the names of IGOs and other INGOs that are protected by international treaties and national laws in multiple jurisdictions. After considering specific issues as outlined in its **charter**, including an evaluation of the existing scope of legal protection for the names of IGOs and INGOs under international law, the WG is expected to make recommendations to the GNSO Council for any necessary additional special protections for the names of certain IGOs and INGOs. The WG is planning to publish its Initial Report for public comment in January 2013. The GAC has **provided formal advice to the Board and also engaged the GNSO with regard to these issues.**²

GAC ENGAGEMENT OPPORTUNITY STATUS

The WG is open to all interested parties. Additional opportunities for input will occur such as outreach from the WG to the different SO/ACs for input as well as the publication of the Initial Report for public comment.

FINAL ISSUE REPORT
