RE: GAC Comments on the Amendments to the Base gTLD RA and RAA to Modify DNS Abuse Contract Obligations

Dear Sally,

The Governmental Advisory Committee welcomes the proposed amendments to the generic Top-Level Domain (gTLD) Registry Agreement (RA) and 2013 Registrar Accreditation Agreement (RAA) to address Domain Name System Abuse (DNS Abuse).

As you may be aware, [GAC Comments](#) were just submitted to the related [public comment proceeding](#).

For your consideration, I would like to highlight the GAC's readiness to have further dialogue with ICANN org and the Contracted Parties to elaborate on any aspects of these comments.

Best regards,

Nicolas G. Caballero
