## Purpose of the GAC Action/Decision Radar

The purpose of this document is to **provide an exhaustive picture of all foreseeable and envisioned GAC outputs**, at a level similar to that of the GAC Action Points (recording in Minutes from ICANN meetings), while aiming to provide a sense of timing, in addition to other information such as priority, dependencies, and key resources for more information on any given topic.

## Suggested Use of the Document

- **Topical perspective**, for members interested in what outputs are expected on any given subject matters:
  1. Refer to the appropriate **“Topic/Policy Area”** in the section of this document named **“Categorized List of All Identified GAC Action/Decisions”**
  2. Review the various Action/Decisions expected for this Topic/Policy Area
- **GAC Timeline perspective**, for members interested in what outputs are currently being worked on and/or expected in a given time frame in the future
  1. Refer to the appropriate time frame in the **“Estimated Planning of GAC Action/Decisions”** section of this document
  2. Review the various Action/Decisions expected in the selected time frame for each relevant Topic/Policy Area
