Purpose of the GAC Action/Decision Radar

The purpose of this document is to **provide an exhaustive picture of all foreseeable and envisioned GAC outputs**, at a level similar to that of the [GAC Action Points](#) (Minutes from ICANN meetings), while aiming to provide a sense of timing, in addition to other information such as dependencies, estimate of effort required (in both labor and time needed for completion) and key resources for more information on any given topic.

Suggested Use of the Document

- **Topical perspective**, for members interested in what outputs are expected on any given subject matters:
 1. Refer to the appropriate “**Topic/Policy Area**” in the section of this document named “**Categorized List of All Identified GAC Action/Decisions**”
 2. Review the various Action/Decisions expected for this Topic/Policy Area
 3. If you are interested in the expected timeline of certain Action/Decisions, then refer to the section of this document titled “**Planning Overview**”.
- **GAC Timeline perspective**, for members interested in what outputs are currently being worked on and/or expected in a given time frame in the future
 1. Refer to the appropriate time frame in the “**Estimated Planning of GAC Action/Decisions**” section of this document
 2. Review the various Action/Decisions expected in the selected time frame for each relevant Topic/Policy Area
