
Agenda Item 28: GAC Communique Review

Issue

A "zero draft" of the Communique will be circulated to the GAC approximately one week before the start of the meeting.

An updated version will be circulated before the start of this session.

This session is an opportunity for GAC members to:

1. Review the draft to date.
2. Indicate items that they believe should be included in the final Communique, or at least flagged for consideration at this point.
