3. Next Steps/Takeaways
Background

- The ICANN Community assessed the WS2 Final Report recommendations and particularly the ones they believe have an impact on their groups.

- Community groups have been working on the implementation of the recommendations that merit consideration and attention from their group.

- From a GAC standpoint, six of the eight topical areas contain implications for the GAC:
  - Diversity [Rec.1],
  - Removal of Board Members [Rec.2],
  - Human Rights (Rec.3),
  - Jurisdiction [Rec.4],
  - Increase SO/AC Accountability [Rec.6],
  - Transparency [Rec.8]

- Multiple GAC contributors to the Implementation of the recommendations (mostly Human Rights WG, Operating Principles WG, GAC Leadership, GAC Staff)

- Current implementation that requires GAC discussion: Rec 1.1 on the elements of diversity > GAC proposal document
1. GAC Perspective Proposal

- GAC assessment of the Recommendation 1.1 on defining Diversity and in particular on the elements of diversity of the WS2 Final Report

- The GAC perspective proposal document provides feedback on each element of diversity in recommendation 1.1, and an additional diversity consideration for ICANN org (e.g. diversity in attendance - ICANN72)

- ICANN73 objectives:
  - Discuss comments made to the document
  - Agree on next steps for proposal document
2. Community Coordination Group (CCG)

● SO/AC Chairs agreed to form a **lightweight coordination group** in December 2021

● Address the recommendations applicable to each group from CCWG-Acct

● Serve as a **central point to exchange** best practices, lessons learned, and sharing information and progress

● Address topics that can **benefit from a uniform, community-wide approach**

● **No decision making authority**

● Operate in a **transparent** fashion

● Each SO, AC, GNSO SG, RALO **appointed one (1) representative**; one (1) alternate (optional).
  ○ Can also appoint Observers (GAC)

● Focus on Recommendations: Rec 1 Diversity*, Rec 2 Guidelines, Rec 3 Human Rights

● Aim to hold **initial call in March 2022 following ICANN73**

● **Present GAC proposal document on Rec 1.1 to the CCG**
