What's Next For At-Large on SubPro?

- 'Connecting the dots' on "prerequisites" and "dependencies" for the next round
- Monitoring, ensuring end-user input in related areas, areas not adequately addressed in SubPro Outputs
- Maintaining dialogue with the Board: ALAC Advice, CCT recommendations, areas beyond SubPro Outputs
- Engaging other parts of the ICANN Community to highlight common goals and to support shared propositions
- Identifying avenues to strategically draw attention to end-user perspectives in the ODP and IRT for SubPro
